PUBLIC NOTICE

Please be advised that the Town will be conducting routine annual
Hydrant Flushing program **daily sometime between 5:00am to 12:00pm**

Tuesday, October 10th through October 13th, 2023

Some residents may experience a slight discoloration of water and/or a short period of low water pressure. Water discoloration results from temporary disturbances of the normal water flow within our piping network. These short-term changes in flow can stir up naturally occurring minerals and sediment that settle within the water mains. The objective of the water main/hydrant flushing program is to remove these accumulated sediments from our pipes by flushing the water out of the fire hydrants.

If you experience discolored water after your street has been flushed you are encouraged to run your cold water through a faucet (bathtubs being the best choice) for 5-10 minutes or until water clears up. Do not use hot water as the dirty water can enter your hot water heater and possibly damage it. Do not run your laundry machine when you have dirty water, as this can discolor your clothing.

The Town would like to reassure consumers that the water is safe to drink.

Should you have any questions or require further information,
please contact the Town at (306)473-2450.

INSURANCE CORNER

Did you know about:

TRAVEL INSURANCE:

Your government health insurance greatly changes when you are outside of your home province. It is important to educate yourself on these changes and to plan ahead. Travel insurance has many different coverage options; it can provide coverage for out of Province Emergency Medical, Trip Interruption/Cancellation, loss of Baggage, Accidental Death, etc. There are many other benefits to travel insurance, including recommendations on medical facilities, providing a doctor has your best interest in mind and isn't doing unnecessary tests or procedures. Premiums for Travel insurance are based on your age, medical history; as well as the length of your travel. Even if you have pre-existing medical conditions stable or unstable there may be options for you. If you find yourself frequently forgetting to purchase travel insurance there are Annual plans available. Contact your Insurance Broker to find out what options are available to you and for more information.
