MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

To the Residents of the
TOWN OF WILLOW BUNCH

Management of the TOWN OF WILLOW BUNCH has the responsibility for preparing the accompanying financial statements and ensuring that all information in the related reports is consistent with the statements. This responsibility includes selecting appropriate accounting policies and making objective judgments and estimates in accordance with Canadian public sector accounting standards.

In discharging its responsibilities for the integrity and fairness of the financial statements and for the accounting systems from which they are derived, management maintains the necessary systems of internal controls designed to provide assurance that transactions are authorized, assets are safeguarded and proper records maintained.

Ultimate responsibility for financial statements to the residents of the municipality lies with the Council who review the financial statements in detail with management prior to their approval for publication.

External auditors are appointed by the Council to audit the financial statements and are available to meet separately with both the Council and management to review their findings. The external auditors have full and free access to the Council system of internal controls.

REPORT OF THE INDEPENDENT AUDITORS ON THE SUMMARY FINANCIAL STATEMENTS

To the Mayor and Councillors
TOWN OF WILLOW BUNCH

Opinion

The summary financial statements, which comprise the statement of financial position as at December 31, 2023 and the statement of operations for the year then ended, are derived from the audited financial statements of the TOWN OF WILLOW BUNCH for the year ended December 31, 2023.

In our opinion, the accompanying summary financial statements are a fair summary of the audited financial statements in accordance with Canadian public sector accounting standards.

Summary Financial Statements

The summary financial statements do not contain all the disclosures required by Canadian public sector accounting standards. Reading the summary financial statements and the auditors' report thereon, therefore, is not a substitute for reading the municipality's audited financial statements and the auditors' report thereon.

The Audited Financial Statements and Our Report Thereon

We expressed an unmodified audit opinion on the audited financial statements in our report dated May 22, 2024.

Management's Responsibility for the Summary Financial Statements

Management is responsible for the preparation of the summary financial statements in accordance with Canadian public sector accounting standards.

Auditors' Responsibility

Our responsibility is to express an opinion on whether the summary financial statements are a fair summary of the audited financial statements based on our procedures, which were conducted in accordance with Canadian Auditing Standard (CAS) 810, "Engagements to Report on Summary Financial Statements".

What Happens When I Have a Property Claim:

Claims can be a stressful time for you and your family. If you have a claim, your insurance adjuster will work with you to restore your property and get life back to normal as soon as possible. Contact your broker to find out the best way to report a Claim to your Insurance Carrier.

Protect your property from further damage

While you're waiting to see an adjuster, here are some ways to protect your property from further damage or loss.

- Clean up as soon as possible. Seek professional advice from a disaster restoration company on how to clean up and do what you can to limit further damage to your property. Cleaning expenses will be covered if you have a valid claim.
- Take photos or video of your damaged buildings, vehicles, and their contents to give to your adjuster. Take photos and, if possible, record the model numbers. This helps the adjuster build good descriptions of your property.
- If you want to throw out damaged items, you can, but document them first. You could also store affected goods in a reasonably safe place for the adjuster to look at.
- If you see signs of the storm's impact – such as fallen trees or damaged electrical lines – stay clear and, where appropriate, notify your local authorities.
- If you think you have a gas leak, shut off your valves.
